EXPERIMENT 6

CO3 LAB-6

Program:

```
room = {'A': 1, 'B': 1}

for pos in room:
    if room[pos] == 1:
        print("Room", pos, "is dirty")
        room[pos] = 0
        print("Room", pos, "cleaned")

print("Both rooms are clean!")
```

Output:

```
Room A is dirty
Room A cleaned
Room B is dirty
Room B cleaned
Both rooms are clean!
```
